

# Teach the Building Blocks of Music with *Celebrate Theory!*

The Royal Conservatory, renowned for its definitive standard of excellence in curriculum design, invites you to an in-depth presentation on the new theory syllabus and supporting resources that integrate theory into every stage of a student's musical development.

*Celebrate Theory* offers:

- a clear, step-by-step approach
- practical activities, written exercises, and exploration of repertoire
- a strong foundation of musicianship skills aligned with practical studies

Learn how you can make this program a success in your studio!
