

Instructions for Audition Videos

- Each duet team must play together (either on one piano or two) and submit their audition videos as a team.
- Each duet team should either be conducted by their teacher or use an audible metronome at the beginning of each piece set at the suggested tempo. Metronome need not run during entire video.
- Duet teams can either submit one long video that includes the complete program for their level or can make individual videos for each duet.
- All audition videos will be due at 5pm on Saturday, September 30th - no late audition videos will be considered.
- Video auditions for “Special Acts” will follow these guidelines as well.
