STUDENT ESSAY GUIDELINES

This part should be completed by the student only in essay form and submitted by the teacher with the application. Essay represents 30% of overall score.

Teachers, please help your student by **making sure the following requirements are included:**

1. List musical activities in which you have been involved (e.g., school, church and community participation, concert attendance, teaching, composing).
2. List goals you have accomplished and awards or recognitions you have received. Discuss your current musical goals and aspirations.
3. Name your current favorite piece and explain why you enjoy playing it.
4. Describe how you would use your scholarship (specifically) and/or how you feel it would benefit your development as a musician.
5. Be sure to **include your name and age on the top right-hand corner of your essay. If you submit more than one page, please copy as two-sided document to make it easier in preparing for the essay judges AND be sure to include your name and age at the top of the additional pages.**

Beginning students, please do not let the requirements of #1 and #2 keep you from applying. We understand this may be your first musical activity! The Scholarship Awards program was originally designed for students like you in mind. The goal was to provide opportunities to help inspire and develop your musical interest! Please apply!
